Dear Friends,

Thank you for your interest in our programs and welcome to our 12th annual bull sale. Once again, we will have a good set of E.T., AI and natural calves to pick from. We have really upgraded our herd bull battery. Take a look in the back at some of the additions that we are excited about.

I have made several changes to the herd and in what we will be offering on our bull sales. We don’t calve as early as most registered breeders and we don’t like pushing young bulls. We started a fall herd a couple years ago and we really like how these fall bulls look and their ability to cover a lot of cows. We have started saving back most of our younger bulls to make shorts 2’s. We are not going to sell more bulls, just bulls that are set up to better work for you.

The sale will also be on DVAuction. It will be listed under the Verdigre Livestock site. If you would like to bid online, you will need to get signed up ahead of time.

Since the bulls were raised separately until October, we have kept the ratios separate for each herd as well.

We would like to thank Cody Bode for doing the ultrasound work, Herbert Feed & Grain, the Petersons and Verdigre Livestock.

Good luck with calving season!

GENERAL SALE INFORMATION

TERMS AND CONDITIONS: This sale is conducted under the standard terms and conditions adopted by the American Simmental Association. If you have any questions, please contact us. In no instance shall the seller be responsible for more than the purchase price of the bull.

REGISTRATION PAPERS: Registration papers will be provided upon request to those who want them. Please let them know in the sale office.

FEEDING ARRANGEMENTS: If you are unable to take your bulls home on sale day, we will feed them until April 15th, at NO COST. After April 15th, it will be $2.50 per head, per day. We will do our very best, but we are not responsible for accidents on bulls brought back to the ranch; therefore we encourage you to insure your purchases. The bulls we take home to feed will be cared for in the same manner we care for our own.

TRUCKING: $50 discount for those that haul their bull(s) home on sale day. If we take the bulls home after the sale, we will feed them for free until April 15th and deliver them for free, within a 250 mile radius of Verdigre.

FEEDING PROGRAM: With changes in my job this year, we are having the bulls fed at Petersons Feedyard by Bloomfield. Tony, Brenda & AJ have done a great job. The bulls get plenty of exercise, running out on a 20 acre pasture. For those of you taking the bulls home sale day, we hope you will keep the bulls on a minimum, 44 neg diet, to help continue developing the bulls for breeding season.

BREEDING SEASON GUARANTEE: We have a 90 day breeding season guarantee that starts the day from turnout. If you have a problem with the bull during the 90 days, give us a call. We have to be called at the time of the problem and before you decide to sell the bull or the guarantee is voided. We will do our best to get you a replacement for the rest of the season. We reserve the right to take the bull home and get him healed up to be a breeder again. If the bull can’t be healed, you can keep the bull you were given for a replacement or you will be given credit on next year’s sale.

ANNOUNCEMENTS: Announcements made sale day, and from the auction block during the sale, take precedence over printed material in the catalog or other printed material associated with the sale.

THANK YOU FOR YOUR CONSIDERATION OF OUR PROGRAMS: The sale begins at 5:30 p.m. at the Verdigre Livestock Market. Get your chores done and bring the family into town and take in the bull sale. We are having a FREE meal from 4 to 5:30 at the Verdigre Livestock Cafe and both Rob and Kent will be available during the meal to answer customers’ questions. After the sale, we will go downtown to the Bohemian Lounge where we can enjoy some good food, drink and music to help usher in the weekend. Then, if you’re like us, it’s back to the farm for night checking.
PARTNERS: Kent and Austin Snowdon, from Niobrara, will be with us on the sale. They have a nice herd of cows and do a lot of A.I. and E.T. work to advance their operation. They buy a few heifers from me every year and Kent and I partner on several herd bulls. A lot of our genetics are similar.

MARBLING SCORES: Year after year, our bulls continue to have high marbling scores for Sim or Sim/Angus cattle. Most all Simmentals bulls in the database have IMF scores between 2 and 4.5. Pischel and Snowden bulls average 4.34. Every bull in our sale is in the top half of the Simmental database. We feel this is a great advantage to all our customers finishing out their calves or saving back replacements with high end marbling genetics. 100 percent of the bulls in the sale are average or excellent for marbling. 75 percent of the yearling bulls have a choice or prime marbling score.

SALE DAY PHONE NUMBERS:
Verdigre Livestock Market: 402-668-2246
Curt Zimmerer: 402-841-2835
Rob Pischel: 402-394-7200
Kent Snowdon: 402-640-2377

CAN’T MAKE IT TO THE SALE: Watch or bid on DVAuction.com You can watch the bulls on DVAuction.com via Verdigre Livestock Market’s site. If you would like to bid online you will need to register with DVAuction at least a day ahead of time. To get registered or if you have questions call the DVAuction office at 402-316-5460 or support@dvauction.com. The team at Verdigre Livestock can also help you. 402-668-2246.

IN CASE OF INCLEMENT WEATHER:
Alternate sale date is Friday, March 17, at 5:30 p.m. at the Verdigre Livestock Market. Listen to KBRX 102.9 FM or WNAX 570 AM for more information.

WE HOPE YOU HAVE TREMENDOUS SUCCESS WITH YOUR CALVING SEASON AND WE WILL SEE YOU ON SALE DAY!

12th Annual Bull Sale
Verdigre Livestock Market • Verdigre, Nebraska
Friday, March 10, 2017
SALE TIME: 5:30 P.M.

Pischelville Lodge Hall
Pischelville, Nebraska
RDP Diamond D35

Herd bull deluxe. Because he’s a little younger, Diamond was going to lead off our sale ‘next year.’ Once I took a look at all his numbers, I decided he would be a sale highlight this year. #1 WW & YW. High choice marbling. First bull to sell out of our new herd sire WBF Atlas.

A heck of a fall bull that will cover a lot of cows. Very good growth and carcass numbers. WW EPDs in the top 30%.
We started a fall herd a couple years ago and these 3 fall bulls are just the kind I want to bring you every year. Cobalt can cover a lot of cows. He has a beautiful dam with good growth and carcass data.

We started a fall herd a couple years ago and these 3 fall bulls are just the kind I want to bring you every year. Cobalt can cover a lot of cows. He has a beautiful dam with good growth and carcass data.

A fall bull, full of muscle and good maternal numbers. His dam has another top end calf at her side again this year.
This younger-aged bull is carrying good muscle with a great look about him.

A real beef bull out of a cow that’s had a bull in this sale every year.

ONLINE SALE CATALOG:
www.PischelSimmentals.com or find us on Facebook

WE WILL HAVE HOMO BLACK AND DNA CARCASS DATA AVAILABLE BY SALE DAY.
As you look at the illustration on the front of this catalog, it depicts our operation and family and falls in line with what we represent.

Pischel Simmentals
Snowdon Simmentals

REMEMBERING THE PAST, BUILDING FOR THE FUTURE

THE PAST AND THE FUTURE

The cover is of the Pischelville ZCBJ Lodge and an old gas pump. Anton and Maria Pischel came to the area in 1869. While it hasn’t been on the state maps since the 1970’s, the little community of Pischelville and the farmers and ranchers that live in the general area, continue to grow their operations to support the next generation. Clint makes the seventh generation working on our farm and ranch and if Brock would decide to make a go of it in about 20 years, he would make eight.

Thank you for your consideration of our program. We greatly appreciate it.
